ROLAND CHILLED PLOWS.

Every farmer in Maryland should use the "Roland." The Mouldboard is harder than steel. They will do more work than any other Plow with the same amount of draft. They run level and easy to the plowman. They will scour in any soil. Having the reversible slip point, sloping landside and chilled shares, they cost less for repairs than any other plow in the market. Made in Baltimore, the repairs can always be obtained without delay. The workmanship, material and finish is of the best. There are fourteen sizes and kinds, and they are suited to all kinds of soil. Send for descriptive circular.

CHAMPION GRAIN DRILL.

This Drill has force feed distributors for both wheat and grass seed, and has the only fertilizer distributor that will not clog, and will evenly distribute wet and sticky phosphate. It will sow grain, grass seed and fertilizer more satisfactorily than any other drill in America. It is the simplest and strongest drill made. It is more easily managed and less liable to get out of order than any drill in the market. As it is the leading drill in this market, and several thousands have been sold during the past few years, a large stock of repairs is always on hand. Send for circular.

BRITISH MIXTURE.

The popularity of this celebrated fertilizer is not due alone to the price, but to the fact that its effects are uniformly good, and that it has been found the equal of the highest priced and best phosphates in the market. It gives more value for each dollar paid than any other fertilizer in the land. Send for circular and price list.

ALL ABOUT HORSES, CATTLE, SHEEP AND HOGS.

The American Live Stock Manual.

No subject is of greater importance to the farmer than that of Live Stock, and few there are who have not much to learn regarding it. Many a man has lost a valuable animal for no other reason than that he did not know how to take care of it when well or to treat it when sick. **THE AMERICAN LIVE STOCK MANUAL** is a book the cost of which is but trifling, but it is simply worth its weight in gold to every man in America who owns a horse, a cow, a sheep or a hog, for it is a complete text-book, containing the fullest information regarding the care and management, feeding and rearing, of live stock, likewise directions for the cure of all diseases peculiar to these animals and of all unruly and vicious habits, for the construction of necessary buildings and conveniences, etc., etc. The following are only a small portion of the topics treated in this book: How to Judge a Horse; Feeding Horses; Raising a Colt; To Bit a Colt; To Break Horses from Lulling at the Halter; Warts on Horses; Stumbling Horses; Cure for Balty Horses; Kicking Horses; Training Vicious Horses; Galls and Sores on Horses; Peining Horses; Colic; Bots; Founder; Heaves; Ewesote; Sny ne; Scratches; Ringbone; Spavin; Cribbing; and Bruises; Hilt-Bound Horses; Avoiding Indigestion; Hindgalls; Bittle Feet; Worms; Over-Reaching; Sprains; How to Save Out in Feeding; Watering Horses; Care of Horse's Legs; How to Tell a Horse's Age; Neck Yokes; Good Grooming; Shoeing; To Make the Mane and Tail Grow; Box Stalls; Stables and Stabling; Breeding Horses upon Farms; Horse Education; Ringing a Bull; Relieving Choked Cattle; Bone Disease in Milch Cows; Marks of a Good Cow; Cattle Racks and Feed Boxes; Feeding Cattle; How Good Cows are Ruined; To Prevent Hooking Fences; Black Tongue; Lice; To Prevent Kicking; Contagious Cattle Diseases; Fattening Stock; Milking; Cooking Feef for Live Stock; The Solling System; Raising Calves; To Break a Heifer or Vicious Cow to Milk; Wintering Live Stock; How to Take Off a Hide; Assistance at Birth; Hollow Horn; Obstructed Teats; Black Leg; Caked Udder; Jumping Cattle; Garget; Care and Management of Hogs; Piggeries; Troughs; Pig Raising; Over-Feeding; Sanitary Management of Swine; Hog Cholera; Paralysis; Soury Pigs; Preparing Food for Swine; Butchering; Fattening Hogs; Driving Hogs; To Prevent Hogs Becoming Diseased; Raising Sheep; Washing Sheep; Rot; Ridding Sheep; To Tell the Age of Sheep; Sheep Ticks; Early Lamb; How to Make Sheep Pay; Spring Fattening of Ewes; Treatment of Lambs; Increasing the Growth of Wool. **THE AMERICAN LIVE STOCK MANUAL** is a large book of 183 pages, 12mo, with handsome cover, and is profusely illustrated. It will be sent to any address by mail post-paid upon receipt of only **Twenty-Five Cents**. Sent by mail post-paid upon receipt of only **Twenty-Five Cents**.

THE EVANS SIDE LEVER PLANTER

Is a marvel of simplicity, combining two hand levers in one, and is the only Planter in existence that the hand lever and foot treadle can be used independently or together; when used as a rigid or adjustable planter. This places it far in advance of all others in ease of management.

The above Cut represents the Evans Triple Harrow, with Reversible Teeth.

When the team is hitched to one end, and drawn in one direction, it is a straight tooth pulverizing Harrow; when hitched to the other end and drawn in opposite direction, is a slanting tooth or smoothing Harrow; making two complete Harrows in one. Send for Catalogue.

EVANS TWO ROW ENSILAGE CORN DRILL.

ONLY TWO ROW DRILL MADE ESPECIALLY FOR PLANTING ENSILAGE CORN.

Ensilage is a great and grand discovery, and to which sooner or later every stock raiser who feeds during all or part of the year must come. It has been tried by some of the most cautious farmers in the land, who continue to use it, and who speak in glorious terms of it. It is simply canned goods and is as proper food for cattle as canned fruits are for people. A large number of farmers have been deterred from raising ensilage corn because there has been no implement to plant it with, and the results have not been satisfactory when sown broadcast. After repeated experiments, it has been found that the proper way for it to be planted is to drill it in one grain two inches apart and about three feet, six inches between the rows. In this way it does not get too thick, but grows to large stalks. The cultivation consists of running the cultivator or horse hoe through it twice.

We have made corn drilling implements for several years, and the past three seasons for large eastern firms, who make a business of growing Ensilage seed corn, and after thorough trials and practical use, it has reached perfection, as was thoroughly demonstrated the past three seasons, and we now place it before the public, as a complete machine, that will do the required work in a satisfactory manner. Our drilling arrangement consists of gear wheels in connection with a shaft, which operates the rotary drop automatically, dropping to rows at a time, depositing the seed two inches apart. We also furnish, at a reasonable price, plates to drop any distance apart desired; so the same machine can be used for drilling field corn.

The flexible joint and coupling are a peculiar feature in securing perfect work, no matter how rough or uneven the ground.

Has an automatic device for throwing in and out of gear when runners are raised or lowered.

We make this drill with a fertilizer attachment which consists of two large hoppers attached in rear of the seed boxes, and so constructed that the fertilizer will not arch or pack.

The distributor has a positive force feed, and consists of a wheel or disk arranged to rotate horizontally in bottom of hopper, in connection with the shaft which is so arranged that it deposits both the corn and fertilizer, and can be regulated to sow any desired amount, from one to four hundred pounds per acre.

The discharge opening being so near the ground, the fertilizer cannot be affected by the wind.

J. & B. L. WAGNER,

PROPRIETORS.

This RESTAURANT is the oldest and most extensive in its accommodations of any in the city.

The BAR is filled with the finest of all kinds of LIQUORS. The TABLES are covered with the best substantial food the markets afford, besides, at the earliest moment they can be procured in the different seasons, every variety of delicacy that land and water furnish, in

Birds, Game, Fish, Fruits & Vegetables.

Prices moderate. The crowds, which lunch and dine daily, attest public approbation of the superior management of the house.

It is a convenient place for travellers, who stop only a few hours or a day in the city, to get their meals. It is the popular resort of country gentlemen from the counties, particularly from Southern Maryland, being convenient to Railroads and Steamboats, and in the midst of the business portion of the city.

The proprietors will be grateful for the continuance of the extensive patronage they now enjoy, and will do their best to give entire satisfaction to all visitors.

A GUIDE TO PROFITABLE POULTRY KEEPING.

The Standard American Poultry Book.

Old-fashioned farmers are often amazed when they read in their agricultural journals of the enormous profits made by progressive poultry keepers, and are often inclined to discredit what they read in this connection. The fact is, there is money in poultry, and just as much for you, reader, as for any one else, but you must go about it intelligently. You must learn all the new ideas in poultry management. With this knowledge to aid you, there is no way on a farm in which you can make money so easily or so quickly. **THE STANDARD AMERICAN POULTRY BOOK** is an entirely new work just published, and it involves all the latest ideas in poultry keeping. It is a work intended to teach the masses of farmers the secret of success in the poultry yard, and its teachings, if followed, will add enormously to the earnings of every flock of fowls, while very little additional trouble or outlay is incurred. The following are only a small portion of the topics treated in this book: How to Start and Stock a Henner; Poultry Houses, Cheap and Expensive, Yards, Coops and Enclosures; Poultry Keeping for Profit; Poultry on a Large Scale; Poultry Raising as a Business; Feeding and Laying; Winter Egg-Production; The Hatching Period; Preparing Nests for Sitters; Spring Breeding of Poultry; The Hens for Farmers, How to Produce Layers; Good and Cheap Incubators; How to Raise Artificially-Hatched Chickens; Caponizing; Packing Eggs for Market; Packing Poultry for Market; Feeding Hoppers, Drinking Fountains and Grain Chests; Eggs and Pullets; Preserving Eggs; Diseases of Poultry—Chicken Cholera, Pip, Gapes, Roup, Scaly Legs, Lice, Egg Eating, Crop-Bound Fowls, Etc.; the Plymouth Rocks; the Wyandottes; the Brown Leghorns; the Golden Spangled Crested Polish; the White Crested Black Polands; the Langshans; the Silver Spangled Hamburgs; the Houdans; the Buff Cochins; the White Cochins; the White Leghorns; the Golden Penciled Hamburgs; the White Shanghaes; the La Fleche Fowls; the Gray Dorkings; the Brahmas; Game Fowls, Bantams, Etc.; How to Fail; Management of Chickens; Killing Poultry; Preparing Against Vermin; Fencing; Management of Ducks; Raising Turkeys; Fattening Geese, Etc., Etc. **THE STANDARD AMERICAN POULTRY BOOK** is a large book of 123 pages, 12mo, with handsome cover. It is profusely illustrated and very handsomely gotten up in every respect. No man or woman who owns an acre or more of land can afford to be without it. To all such it is worth its weight in gold. We will send this book by mail post-paid upon receipt of only **Twenty-Five Cents**. Send for it; you never have and never can make a better investment of so small a sum.

Harper's Young People. AN ILLUSTRATED WEEKLY.

HARPER'S YOUNG PEOPLE has been called "the model of what a periodical for young readers ought to be," and the justice of this commendation is amply sustained by the large circulation it has attained both at home and in Great Britain. This success has been reached by methods that must commend themselves to the judgment of parents, no less than to the tastes of children—namely, by an earnest and well sustained effort to provide the best and most attractive reading for young people at a low price. The illustrations are copious and of a conspicuously high standard of excellence.

An epitome of everything that is attractive and desirable in juvenile literature.—"Boston Courier."

A weekly feast of good things to the boys and girls in every family which it visits.—"BROOKLYN UNION."

It is wonderful in its wealth of pictures, information, and interest.—"CHRISTIAN ADVOCATE. N. Y."

"OUR DEPARTMENT,"

By JOHN H. YOUNG, A. M.

In all experience in the book business, probably no book ever published has, for its age, reached a sale equal to "Our Department." Like the bible, it grows better as it grows older. Its sale has now reached nearly 500,000 and the demand continues. As a book for agents the following will testify: One agent has sold alone over 7000, another 2500, another 2300, another 2000, another 3300, another 4000, another 3000, another 1700, another 2100, another 1400, another 1900, another 1800, and scores of agents have sold over 1000 copies by personal canvass. Anyone doubting this we will give names and address of the agents.

Prices of book \$2.00 and \$2.25. Outfit, \$1.00. Terms liberal. Send for outfit and terms to [Mention this paper.] F. B. DICKERSON & CO., DETROIT, MICH.
